THE
GLAMIVA
COMPANY PROFILE

2026

INNOVATION THAT SHAPES EVERY SURFACE

Imagine a world where surfaces defy the impossible. Technology constantly overcomes new challenges to create exceptional, globally recognized products. Motivated by the value of innovation, Glamiva began its journey 33 years ago, and the rest is history. Over these three decades of corporate excellence, Glamiva Laminates has continually innovated in technology, raw materials, processes, and techniques to achieve world-class standards and set new industry benchmarks.

As a global leader in decorative laminates and surface solutions, the organisation has a strong presence in over 90 countries across five continents. Focussed on manufacturing superior products, the organisation serves as a global manufacturing hub with an annual production capacity of over 3500 million sq ft of HPL.

At Glamiva, we don't just meet our customers' expectations; we strive to exceed them every time. Our dedicated workforce of over 2,000 employees is trained to achieve this goal, and many more will be joining the Glamiva family. Our modern production unit offers numerous products catering to the global market, all aimed at ensuring 100% customer satisfaction.

Glamiva's remarkable expansion isn't limited to vertical growth as a global decorative laminate leader, but it also extends laterally into interior architectural products and aluminum. This demonstrates Glamiva's commitment to innovation and exploration for our stakeholders and partners.

Deeply rooted in the Indian values of "**Vasudhaiva Kutumbakam**," we believe that the world is one. Inspired by this, Glamiva prioritizes the community and the environment, placing strong emphasis on overall sustainability. These values are central to all our new product developments, including raw materials, processes, and technology. Sustainable development is the way forward at Glamiva.

MISSION

A world-class manufacturing hub driven by constant innovation, Glamiva prioritizes customer requirements and interprets global trends to deliver top-of-line products. We are committed to delivering exceptional services and support for customer delight at every step.

VISION

At Glamiva, we are dedicated to staying ahead of global competition and setting new industry benchmarks through constant innovation and evolution, including new processes, technology, and techniques for product development.

VALUES

Glamiva consistently exceeds its previous accomplishments by optimising resources to achieve global efficiency levels. This involves ongoing workforce training enhancements innovative technology and process implementation and revision, dedicated research and development, and the implementation of waste reduction strategies to strengthen sustainability.

WE ARE

Redefining excellence and setting global standards with our inventive spirit and inspiring team.

OUR FOCUS REMAINS ON

Constantly achieving greater heights as well as delivering exceptional products and services for our customer's delight.

CERTIFICATIONS

GREENGUARD GOLD

This certification ensures that GLAMIVA products meet stricter criteria, making them suitable for schools, daycares, and healthcare facilities, where children spend significant periods.

CE

GLAMIVA products have been awarded CE certification confirming their compliance with essential European health, safety, and environmental protection legislation by many Product Directives. This marking assures the government officials that the products can be legally placed in the market.

FSC[®]

GLAMIVA's products are available as FSC[®] certified, ensuring that we are promoting responsible forestry. We are working for a sustainable and greener future environment. The FSC[®] certification is a benchmark for a traceable, responsible supply chain and Glamiva is complying with all the requirements. All products manufactured by the company are available as FSC[®] certified products (certificate code- SCS-COC-010114) on request.

GREEN LABEL

SGBC 4-Tick

ABIOTIC

Safe and Healthy Living alongside GLAMIVA Products this revolutionary development retards the growth of common bacteria, making Glamiva products ideal for laboratories, kindergartens, offices, and domestic environments.

EN 438-2

GLAMIVA products are tested under BS EN 438 - 2 to ensure dimensional stability and performance standards for resistance to boiling water, moisture, impact, scratches, and stains.

EN 1186 & EN 13130

GLAMIVA's HPL & Compact are tested and certified as per EN 1186 & EN 13130. Suitable for direct and indirect Food Contact as per EU regulations.

ISO

CERTIFICATE OF CONFORMITY

COMPLIANCE WITH STANDARDS:

The CoC ensures that the HPL laminate meets the necessary national or international standards for safety, quality, and performance. This is particularly important in the construction and interior design industries where materials need to meet specific fire resistance, durability, and environmental standards.

LEGAL AND REGULATORY

REQUIREMENTS: Depending on the region or country, importing or using building materials like HPL laminates might require compliance with certain regulations. A CoC serves as proof that the product adheres to these legal requirements, helping to avoid penalties or legal issues.

CONSUMER CONFIDENCE: Having a CoC boosts consumer confidence as it guarantees that the product has been tested and verified to meet the necessary specifications. This is especially important in markets where safety and quality are major concerns.

INSURANCE AND LIABILITY: In case of any defects or issues that arise after installation, the CoC can be a key document for liability and insurance claims. It provides documented proof that the material met all the required standards at the time of purchase and installation.

CORPORATE **SO**CIAL RESPONSIBILITY

BLOOD DONATION CAMP

Our commitment to social responsibility includes life-saving actions. We organised a Blood Donation Camp where our team and community members joined hands to make a meaningful impact.

COVID-19 PHASE-1 SAFETY KIT DISTRIBUTION

Knowledge empowers, especially in a crisis. Our COVID-19 Awareness Camp focused on educating the community about safety protocols, importance of vaccination, and preventive measures.

THAILAND FLOOD RELIEF

In response to the Thailand floods, we launched a Relief Initiative, providing essential supplies, shelter, and aid to help affected families rebuild their lives.

LITTLE SPARKS

At Little Sparks, we go beyond business to make a difference. Our initiative was all about sparking creativity and joy among children by providing them with colourful art supplies to unleash their imaginations.

VACCINATION DRIVE

Glamiva Laminates is proud to co-sponsor the ASA9 Charity Run Thailand 2025, an inspiring initiative dedicated to strengthening healthcare support for the Chalong Hospital in Phuket. Honoured to stand alongside ASA9 and contribute to a cause that directly impacts lives, families, and the future of local healthcare.

COVID-19 PHASE-2 AMBULANCE RELIEF

During the COVID-19 pandemic, we offered dedicated ambulance services, ensuring timely medical assistance for those in critical need.

PLANTATION DRIVE

Our Plantation Drive reflects our commitment to sustainability by planting trees, enhancing green spaces, and supporting biodiversity.

SUPPORT FOR THE VISUALLY IMPAIRED

We are dedicated to inclusivity. Our initiative for the visually impaired provided resources, training, and tools to enhance independence and quality of life.

BICYCLE AND CEILING FAN DISTRIBUTION

We aim to make a tangible difference. Our program distributed bicycles to support education and employment and ceiling fans to improve living conditions.

STUDENT STUDY AID

We aim to sponsor learning kits and scholarship to underprivileged students, enhancing their access to quality education.

As part of the Virgo family,
our company has a strong track record of
16 YEARS
in the supply of Aluminium rolled products

HIMACHAL PRADESH

Based in Himachal Pradesh, India,
we have earned the prestigious
ISO 9001 & 14001
CERTIFICATIONS,
reflecting our commitment to quality
and environmental management

16 years of experience
in supplying aluminium
rolled products

ISO 9001 and 14001
standards for quality and
environmental management

Located in
Himachal Pradesh,
India

QUALITY ASSURANCE:

- Rigorous quality control systems
- In-process controls and testing at every rolling stage
- Involvement of seasoned professionals from the aluminium industry

STANDARDS:

- IS 737, AA standard, ASTM B209, EN-European standard
- Ability to meet diverse quality requirements

INTERNATIONAL PRESENCE:

- Successfully supplied products to various countries across the globe. Our export footprint includes the USA, UAE, Portugal, Spain, Qatar, Australia, the UK, Gabon, Cameroon, Ivory Coast, Ghana, Colombia, Nigeria, Thailand, Bangladesh, Nepal, and several other countries across Africa and Asia.

COMMITMENT TO CUSTOMER SATISFACTION:

- Customer-centric approach
- Adaptation to market trends
- Ensuring effective response to customer demands

COMPANY'S STRENGTHS:

- Emphasis on quality
- Global reach
- Customer-focused approach
- A competitive player in the aluminium rolled products industry

Virgo Aluminum Limited is a customer-focused, innovative, solutions-driven company which manufactures, and distributes various Aluminium products to customers worldwide.

- Aluminium Cold Rolled Sheets
- Aluminium Cold Rolled Coils
- Aluminium Roofing Sheets
- Aluminium Closure Stock
- Aluminium Chequered Sheets
- Aluminium Fan Blade Sheets
- Aluminium Foil Stock
- Aluminium Caul Board Sheets
- Aluminium Extrusion

ALUMINIUM COLD ROLLED COILS/SHEETS

The company continuously upgrades and improves processes to meet the growing client demands.

PACKING:

Coils are packed eye-to-sky/wall, HDPE/hardboard wrap, hoop iron straps, wooden pallets & silica gel moisture protection

FINISH:

Sheets & Coils are mill finished

APPLICATIONS:

- Commercial
- General Engineering
- Bus Cabins and Bodies Insulation
- Cladding in False Ceiling and Paneling (Mill Finish Coils)
- Electrical Busbar Ducting, Transformer Strips, Automotive Engine Heat Dissipation
- Household Utensils & Pressure Cookers

ALUMINIUM ROOFING SHEETS

Virgo Roofing Sheets have been ideal for roofing and cladding **since 2010**. They are easy to use, durable and economical to work with.

BENEFITS OF ALUMINUM ROOFING

- Aluminium roofing sheets are extremely light and have a high strength-to-weight ratio
- Aluminium is an increasingly popular choice for installations and buildings. It is corrosion-resistant in almost any kind of environment.

WIDTH OPTIONS: AVAILABLE IN VARIOUS WIDTHS (MM).

CIRCULAR CORRUGATED	OVERALL	EFFECTIVE
TYPE I	650	525
TYPE II	800	675
TYPE III	1250	1125

INDUSTRIAL CORRUGATED	OVERALL	EFFECTIVE
TYPE I	920	875

Length: Provides up to 6000 mm maximum; customizable on request.

- Cladding for Roofs and Walls
- Industrial Buildings, Warehouses, Aircraft Hangers
- Indoor and Outdoor Stadiums
- Insulation and Protection of Fuel Storage Tanks and Industrial Boilers
- Wall Panels for High-Rise Buildings
- Residential Roofing
- Roof-on-roof Roofing
- Exhibition on Pavilions
- Poultry Farms
- False Ceilings

VIRGO’S CAUL BOARD SHEETS ARE IDEAL FOR THE PLYWOOD INDUSTRY

PACKING :

Virgo’s Caul Board Sheets are packed with a masking film, hardboard, strapped with plastic strip and placed on a pallet.

QUALITY SYSTEM CERTIFICATION :

Virgo’s Caul Board sheets are packed with a masking film, hardboard, strapped with hoop iron and clip, and placed on a pallet.

QUALITY ASSURANCE :

Virgo's laboratory is equipped with the latest analytical/testing technology.

TESTIMONIALS

“...What’s great about Glamiva Laminates isn’t just how they look, but also the variety they offer. There’s something for everyone and every mood. They’re incredibly durable, versatile, and, of course, very affordable—perfect for someone like me, as a designer who loves to push creativity to the next level.”

Eddery Ng,
Senior Interior Designer (Malaysia)
★★★★★

“Glamiva laminates are definitely useful for Malaysian designers. They offer good quality, a wide range of patterns and textures, and stay up-to-date with design trends. Plus, their strong customer support makes it easy for designers to find the right solutions for their projects.”

Dr. Ooi Boon Seong, CEO,
Ooi Design & Associates (OD&A)
★★★★★

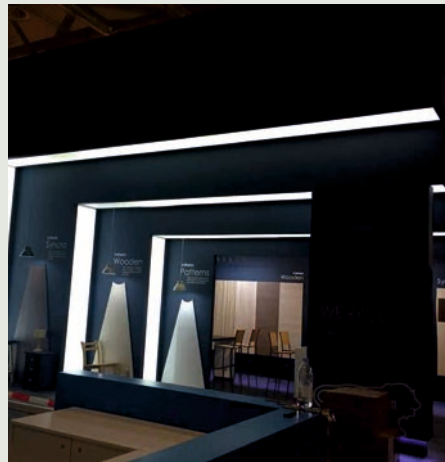

“Glamiva offers a perfect blend of beautiful design and rich texture which helped us offer unique surface solutions.”

COMMITMENTS

Investors

At Glamiva, our unwavering commitment to our consumers extends equally to our investors, who can always expect the highest standards of integrity and transparency. It is the steadfast trust of our investors that has enabled us to achieve remarkable milestones, continually striving for new heights. Guided by sound corporate governance principles, including environmental and social responsibility, our efforts remain focused on maximizing shareholder value.

Architects & Designers

We at Glamiva are dedicated to creating innovative decor solutions that resonate with contemporary trends and standards. We go the extra mile to empower architects and interior designers, ensuring they are never short on inspiration. By considering both aesthetic appeal and functionality, we have curated an extensive collection that meets their highest expectations and supports limitless creativity across diverse contexts.

Dealers & Distributors

Our dealers and distributors are valued partners who bridge the gap between Glamiva and our consumers. They play a crucial role in delivering comprehensive pre and post-sale support, ensuring a seamless customer experience. We maintain strong, collaborative relationships with our dealers and distributors, actively involving them in our sales and distribution strategies to enhance customer satisfaction and market reach.

IN THE NEWS

Glamiva Laminates proudly hosted the Malaysian Institute of Interior Designers in Ahmedabad — blending culture, creativity, and collaboration. From cutting-edge factory tours to iconic sites like the Lilavati Lalbhai Library, IIM and CEPT, it was a celebration of global design synergy. The visit reflected our dedication to excellence and shared learning. We celebrated the spirit of Vasudhaiva Kutumbakam — “the world is one family” — by fostering meaningful global connections and opening doors for future design innovations.

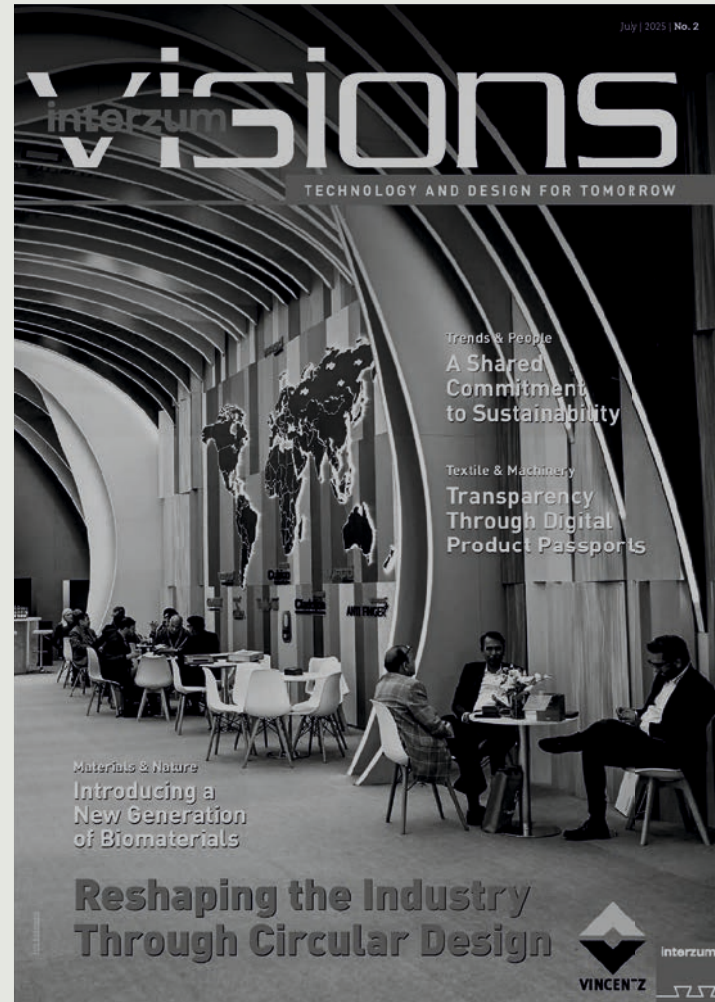

INTERZUM 2025

Our presence at Interzum 2025 attracted notable attention from leading industry publications. Our booth design and product showcase were featured by Ply Reporter, while also earning a cover feature in Interzum Visions Magazine, reflecting our strong global design presence.

Virgo Laminates Strengthens Expansion in Indonesia Through IndoBuildTech 2026

Indian manufacturer Virgo Laminates is leveraging IndoBuildTech 2026 to expand its market by offering thousands of high-pressure laminate (HPL) design options.

Virgo Laminates Managing Director, Himanshu Arora, stated that Indonesia is one of the markets the company continues to develop. Virgo currently has offices and warehouses in Jakarta and Surabaya to support product distribution. Expand the Indonesian Market.

Arora explained that Virgo Laminates is a family company that was founded in 1993. In addition to HPL, the company also produces compact laminate, exterior cladding, aluminum composite panel (ACP), plywood, PVC, and aluminum sheet and coil.

"We are expanding to many countries. We already have offices and warehouses in Indonesia, Singapore, Malaysia, Thailand, Russia,

Egypt, the United States, and even Europe," he told Konstruksi Media on the sidelines of the third day of the exhibition on Friday (July 10).

According to him, participation in IndoBuildTech 2026 is not only to introduce products, but also to understand the needs of the Indonesian market and build relationships with customers and construction industry players.

Offer Over 2,000 Designs

Arora said one of Virgo Laminates' strengths lies in its design choices and product size variations. The company offers over 2,000 HPL designs with a variety of textures to meet the needs of architectural and interior projects.

We have over 2,000 designs for customers to choose from, in a variety of textures and sizes. Beyond product quality, we also prioritize service," he said.

In addition to standard sizes, Virgo also provides larger panels to meet specific project needs.

Arora revealed that his product is currently being prepared for several projects in Jakarta, including hotels, residential buildings, and hospitals. However, he declined to reveal the names of the projects, as they are still in the development stage. Through IndoBuildTech 2026, Virgo Laminates hopes that more architects, contractors, and project owners in Indonesia will become familiar with the products and material solutions offered by the company.

A LEGACY OF LEADERSHIP

A reflection of strong vision and industry leadership, our Managing Director's journey has been Acknowledged by reputed platforms. Forbes and the Asia-Pacific Space Designers' Association (APSDA), featured on the cover of The Entrepreneurs of India, and honoured by Business Outreach with a Certificate of Appreciation, these recognitions reinforce our commitment to excellence.
