TableAU^{GLAMIVA}

TableAU^{GLAMIVA}

TableAU^{GLAMIVA}

Step into the enchanting realm of TableAU, where the ordinary transcends into the extraordinary. Immerse yourself in a universe of effortlessly chic tabletops, meticulously crafted to redefine the very essence of interior aesthetics. Each piece is a harmonious blend of form and functionality, meticulously curated with an unparalleled attention to detail.

TableAU is not just a furniture; it is the epitome of innovation, style and practicality. From its elegant design to seamless installation, every aspect reflects a dedication to elevating spaces with timeless elegance. Welcome to a world where the mundane is metamorphosed into the extraordinary, where each tabletop is a testament to the artistry of design. Embark on a journey where craftsmanship meets creativity and allow TableAU to redefine your living spaces.

EFFORTLESS SOPHISTICATION

TableAU offers a wide range of platter designs, from contemporary to classic, catering to a diverse audience. These platters are aesthetically pleasing and come with stain and moisture-resistant, anti-fungal, and anti-bacterial properties. They are the top choice for designers for both indoor and outdoor spaces, surpassing every expectation.

STATE-OF-THE-ART DESIGN

TableAU's designs elevate the aesthetic appeal of every surface with a touch of authenticity, from rustic woods to contemporary stones. The interplay of design texture and light, combined with ideal thickness, ensures a seamless blend with tactile counterparts. TableAU offers meticulously crafted designs in shapes including square, rectangle, round, oval, and 90 degree corner style - complementing any tabletop.

VALUE FOR TIME & MONEY

Gone are the days of complex assembly processes for tabletops. TableAU's ready-to-install designs are not only easy to set up but also easy to maintain due to their abrasion-resistant quality. These tabletops seamlessly blend form and functionality, adding sophistication to your interiors or workspaces.

WHY TableAu^{GLAMIVA}

Wide Range of Decors with an Interplay of Core and Texture on Demand

TableAU Comes with Core Shades, Matching the Surface Decor

TableAU Doesn't Require Any Polish or Edge Bands

Life Guarantee* for Ten Years Against Any Product Defect (Apart from Accessories)

TableAU is Available with High Abrasion & High Scratch Resistant

Tableau has High Density and is Super Strong

Texture: Antifinger Print, Stone, Super Matt, Matt, Gloss, Suede & more*

APPLICATION SECTORS

HOSPITALITY

A perfect fit for the hospitality industry we offer stylish and durable surfaces for hotels, restaurants, and cafes. Our table tops are hygienic, anti-bacterial ensuring safe contact and are used in areas such as hotel lobbies, guest rooms, restaurant tables, and bar counters also providing a warm and inviting atmosphere for guests.

HEALTHCARE

These surfaces are revolutionizing healthcare design with its durable, easy-to-clean, bacteria-free surfaces perfect for hospital rooms, clinics, and medical facilities. Our table tops are used in healthcare such as patient rooms, operating rooms, nurse stations, and waiting areas, providing a hygienic and aesthetically pleasing environment for patients, staff and visitors.

EDUCATION

Our bacteria-free surfaces are transforming the educational spaces, providing a safe and healthy environment for students and staff alike. These are used in classrooms, libraries, cafeterias, and administrative offices, ensuring surfaces are easy to clean and resistant to germs and bacteria.

RETAIL

In the Retail sector, these surfaces are used to create visually appealing and durable displays, fixtures and furnishings. Application areas include point-of-purchase displays, shelving and countertops providing a stylish and long-lasting brand presentation that enhances the shopping experience.

CORPORATE

In the Corporate sector, these surfaces are used to create professional and modern workspaces. The application areas include office furniture, reception counters and conference tables providing a sophisticated and durable environment for daily operations.

RESIDENTIAL

In the residential sector, these surfaces are widely used for center tables and dining tables. Designs are made in such a manner that they are kids-friendly and are safe and appealing.

BENEFITS
BEYOND
*ME*RE AESTHETICS

DURABILITY:

Crafted from solid one-piece construction, TableAU exhibits high impact and abrasion resistance, ensuring its ability to withstand the rigors of daily use without faltering.

NON-POROUS:

TableAU facilitates the incorporation of design elements such as under-mounted sinks, curves, and drainage grooves. Its non-porous surface allows for easy cleanup, effortlessly wiping away spillages to maintain a pristine appearance.

HYGIENIC:

The impermeable nature of TableAU's surface inhibits the growth of bacteria and mold, ensuring a hygienic environment.

SIMPLE & COST-EFFECTIVE INSTALLATION:

TableAU tabletops can conveniently eliminate the need of complex measuring and installation equipment typically associated with stone and engineered stone alternatives. This streamlined process saves both time and expense, offering a hassle free installation experience.

With TableAU, you can enjoy the beauty and durability of traditional surfaces without any compromise, enhancing your home with timeless elegance and practical functionality.

CAPTIVATES ENCHANTING
DESIGN ETHOS

RECTANGLES :

Characterized by its refined edges, the Recta Collection embraces modernity and minimalist aesthetics. Its sleek profile exude sophistication, offering a contemporary allure that complements sleek interiors effortlessly.

SQUARE :

Symmetry reigns supreme in the Quad collection, making it the perfect choice for those who appreciate balanced and versatile designs. With its emphasis on proportion and harmony, Quad brings a sense of order and elegance to any space, ensuring timeless appeal for discerning tastes.

CIRCULARS & OVAL :

Embrace the allure of curves with the Circulus collection, where soft lines add a gentle touch to your surroundings. With its emphasis on fluidity and grace, Circulus infuses spaces with an inviting and intimate atmosphere, creating a sense of warmth and comfort that beckons you to linger.

TAILOR MADE :

Discover the epitome of bespoke elegance with our tailor-made tabletops, crafted to exceed your every expectation. We understand that no two spaces are alike, which is why we offer a personalized approach to design that ensures your tabletop reflects your unique style and vision.

EACH SUBCATEGORY WITHIN THE TABLEAU COLLECTION

offers a distinct aesthetic experience, allowing you to curate your space according to your style and preferences. Whether you gravitate towards modern simplicity, balanced symmetry, or graceful curves, TableAU provides the perfect foundation for elevating your interior design journey.

DESIGN OFFERINGS

DESIGN OFFERINGS:

Introducing the TableAU Collection, where your tabletop becomes the focal point of exquisite design. With a selection of numerous captivating options ranging from rustic woods to contemporary stones, each palette is meticulously crafted to complement any tabletop.

We have identified the ideal thickness and edges for each tabletop, ensuring seamless integration with the overall design. This attention to detail guarantees the most appropriate and realistic aesthetic for every surface.

Texture plays a pivotal role in elevating the allure of our tabletops. From the velvety matte finish to the authentic feel of our stunning collection, our design experts have mastered the interplay of texture, core and design. This expertise ensures that our designs harmonize effortlessly with their tactile counterparts, resulting in breathtaking beauty across the entire TableAU Collection.

STORAGE & HANDLING

STORAGE

Glamiva Compact must be stored in an enclosed and dry room at approximately 18°C to 25°C and a relative humidity of approximately 50% to 65%. Once the original packaging is removed, the compacts must be placed on a full-surface, horizontal, straight, stable protective boards. Direct floor contact and/or exposure to sunlight must be avoided at all times. A laminated protective board (not raw board) of at least the same format must be used to cover the top and bottom board.

Figure 1 : Horizontal storage of compacts

Figure 2 : If horizontal storage is not possible, the compact must be stored at an angle of approximately 80 degree against a full-surface support with counter-support. Using a laminated protective board of at least the same format is required for upright storage as well

Figure 3 : Correct way of lifting of compacts

HANDLING

After removing the packaging and prior to processing, compacts should be inspected for visible damage. In view of the relatively heavy weight, special care is required when transporting and handling compacts. As a rule, all persons transporting and/or handling compacts should wear personal safety equipment such as gloves, safety footwear and suitable work wear.

The boards must be lifted, the decor sides should never be pushed against one another or dragged over one another.

FIGURE 1

FIGURE 2

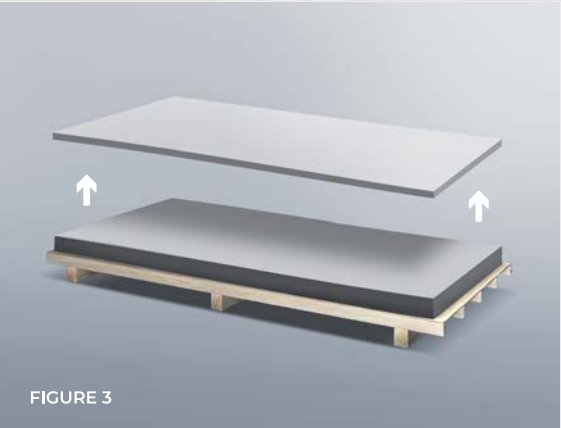

FIGURE 3

CARE & MAINTENANCE

IMPORTANT GUIDELINES TO CARE FOR THE HPL & COMPACT SURFACES

- The protective film where applied should be removed as soon as the application is complete. It should be ensured that the protective films are removed from both sides of the board.
- Avoid placing hot cooking vessels directly onto the decorative surface. Ensure using a heat resistant shield between the decorative surface and vessel.
- Exposure of any kind on the surface of decorative laminates is not recommended.
- Avoid placing burning cigarettes directly on the decorative surface.
- Spilled liquids should be cleaned up immediately as prolonged exposure to the foreign substance can change the appearance of the decorative surface.
- Prolonged exposure of the decorative surface to mild dish soap will cause discolouration. Always wash the decorative surface with clean water and wipe immediately using a dry cotton cloth.
- Abrasive pads, scouring powders, or cleansers should be avoided as they may permanently dull and scratch the laminate surface, making it prone to staining.
- Harsh chemicals such as oven cleaners, toilet cleaners, or drain cleaners will etch and discolour the decorative surface. Decorative laminates are not engineered to resist continuous contact with harsh chemicals. In case of any spills, remove immediately, rinse thoroughly and wipe dry.
- Do not abuse the decorative laminate surface by dropping heavy objects such as cans, dinnerware, or glasses or deliberately hammering directly on the surface. Although the boards have excellent impact resistance, chipping or cracking can occur.
- Never use knives or other sharp objects directly on the decorative surface.
- TableAU surface should not be used directly for cutting or chopping purposes. Always use a chopping board for this task.

PRODUCT *EDGES*

EDGES

SIDE PROFILE

PREVENTION

- Always utilize a pot holder to prevent direct contact of hot surfaces.
- Refrain from cutting directly on the surface with sharp objects to avoid scratching.
- Only use mild cleaning agents, as harsh chemicals can damage the panels.
- Avoid placing heavy or hard items, such as beer crates or shopping bags, on the surface.
- It is advisable not to use protective covers on the top, as they may result in permanent stains due to weathering, suffocation, or mold. It is important to allow the surface to ventilate naturally.

ABIOTIC

Safe and Healthy Living with GLAMIVA Products- this revolutionary development retards the growth of common bacteria, making Glamiva products ideal for laboratories, kindergartens, offices, and domestic environments.

GREENGUARD GOLD CERTIFICATION

This certification ensures that GLAMIVA products meet stricter criteria, making them suitable for schools, daycares and healthcare facilities, where children spend significant amount of hours.

FSC®

GLAMIVA's products are available as FSC® certified, ensuring that we are promoting responsible forestry. We are working for a sustainable and greener future environment. The FSC® certification is a benchmark for a traceable, responsible supply chain and Glamiva is complying with all the requirements. All products manufactured by the company are available as FSC® certified products (certificate code- SCS-COC-010114) on request.

GREEN LABEL CERTIFICATION

Endorsed by the Singapore Environment Council (SEC), GLAMIVA's products proudly display the Green Label certification. It is a mark of adherence to rigorous environmental standards for production of consumer and industrial goods. This certification signifies GLAMIVA's commitment to sustainability, verified by independent assessments, allowing consumers to make eco-conscious choices.

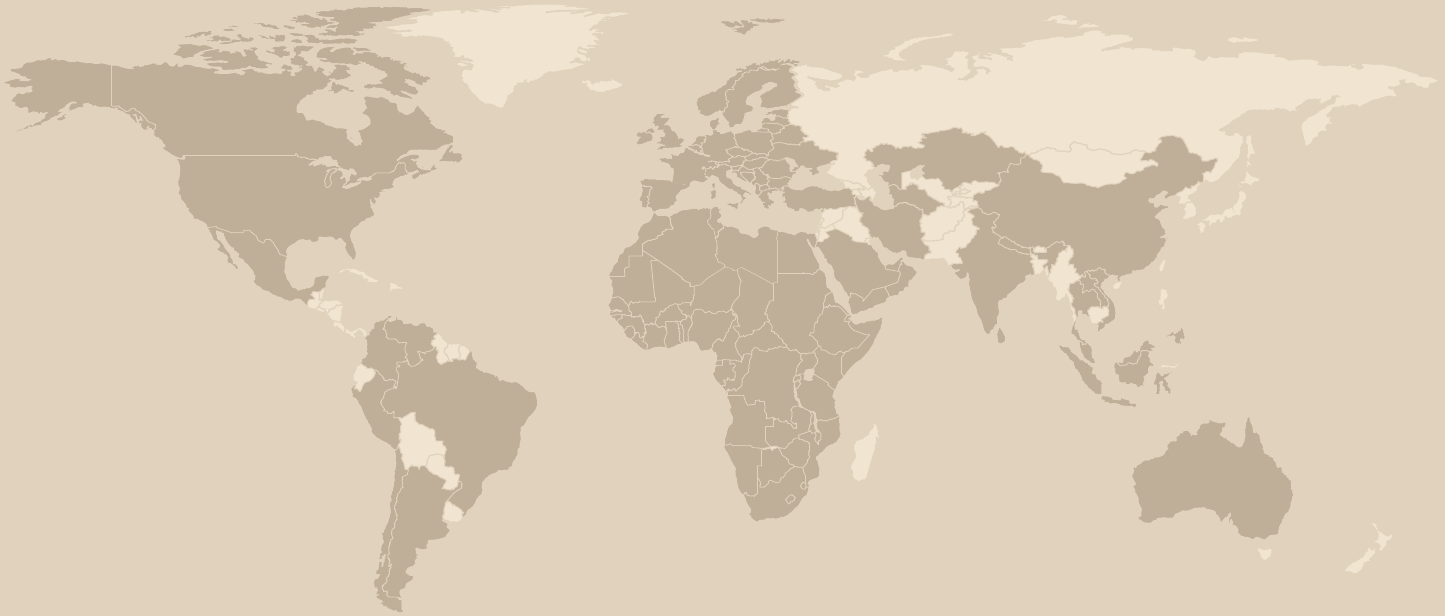

CE

GLAMIVA products have been awarded CE certification confirming their compliance with essential European health, safety, and environmental protection legislation by many Product Directives. This marking assures the government officials that the products can be legally placed in the market.

EN 438-2

GLAMIVA products are tested under BS EN 438 –2 to ensure dimensional stability and performance standards for resistance to boiling water, moisture, impact, scratches, and stains.
