THE ART OF

Surface Innovation

THE
GLAMIVA
COLLECTION

2026

SIMPLY BEAUTIFUL
NATURALLY YOU

KEY FEATURES

Elevating interiors with durable textures, refined finishes,
and contemporary design excellence.

GENTLE TOUCH

Techniques that involve using delicate methods to create subtle and refined effects. This could refer to a painter's light brush strokes or a designer's careful attention to detail.

HEAT RESISTANT

These surfaces are engineered to endure high temperatures, ensuring exceptional performance and Resilience in heat prone areas.

SCRATCH RESISTANT

At New Glamiva, we don't mess around. Our surfaces can resist scratches caused by sharp objects that are harder than the laminate itself.

WEATHER RESISTANT

Frost-resistant laminate are not damaged by extremely low temperatures. Laminate has the ability to endure freeze thaw temperatures without significant harm.

STAIN RESISTANT

The Most Appealing Aspect of Matte Finish Laminate is That They Require No Maintenance.

EASY TO CLEAN

Laminate are exempt from frequent cleaning due to the best concealing of smudges and stains.

LAMINATES

HIGH PRESSURE LAMINATE

Experience the perfect harmony of design and durability with GLAMIVA Laminates, crafted to meet the highest standards of quality and style. These laminates bring your vision to life, offering innovative designs and superior performance for all your interior needs. With an array of colours, patterns, and textures, GLAMIVA provides the versatility to create stunning and personalized spaces. Impregnated with decorative and kraft papers, GLAMIVA Laminates upgrade your interior with a seamless blend of aesthetics and practicality.

LAMIFLEX

"Lamiflex" represents a specially formulated grade of laminate possessing the well-established attributes of standard-grade high-pressure laminates. This variant is uniquely capable of being shaped into uncomplicated cylindrical concave or convex curves. The resulting curved surfaces, devoid of discernible seams, often present a more aesthetically pleasing appearance compared to sharp edges found on both internal and external angles. Additionally, these curved surfaces eliminate joints that tend to accumulate dirt and water.

COMPACTS

COMPACT

Glamiva Compacts are the ultimate choice for surfaces that demand both style and substance. Our compact laminates are crafted by combining decorative paper (melamine resins) and Kraft paper (reinforced with layers of phenolic), which are then fused together using thermosetting resins at a high temperature of 150°C. This rigorous process ensures a durable and versatile product, perfect for high-performance applications. Ideal for retail shops, airports, shopping malls, offices and buildings, healthcare facilities.

CUBICO

Glamiva Cubico stands as a leading supplier of advanced washroom and locker solutions, featuring high-performance laminates acknowledged for their durability and adherence to fire safety standards. Our comprehensive product range caters to diverse sectors, including corporate, healthcare, education, and government, enriching facilities with High Pressure Laminates (HPLs) and cubicles that blend aesthetic appeal with water/fire resistance and anti-bacterial properties.

CLADDICE

The use of exterior grade laminate emphasises the balance of durability and aesthetics. Glamiva has excelled in this area, solidifying its position as a key player in the laminates industry. Given the dynamic climate and diverse weather conditions, the need for enduring solutions against external elements is paramount. As a solution Glamiva Claddice introduces wall claddings engineered to withstand extreme climatic conditions. These claddings not only safeguard exteriors but also deliver exceptional visual appeal.

SPECIALITY PRODUCT

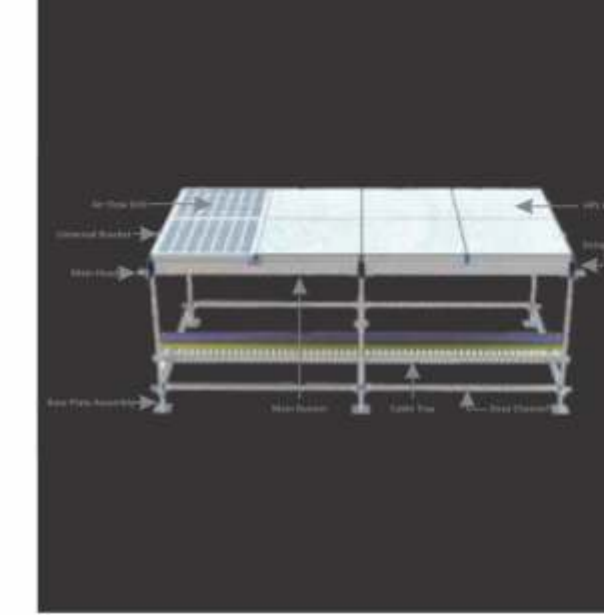

10 NEWTON

This is Glamiva's Premium Product with a Unique Surface Texture that has a bold appearance giving a U-m-p-h feeling!! A great Product for all table & kitchen tops. Extremely durable. Use it for Interior and Exterior Furniture and for all demanding environments.

SYNCHRONOUS

Synchronous is an exceptional material meticulously crafted to replicate the appearance and texture of wood veneer with unparalleled realism. Its finely synchronized texture renders it virtually indistinguishable from genuine wood surfaces. The design and pattern of Synchronous closely resembles the natural grain and feel of wood, offering a tactile experience that is highly desirable. This makes it an excellent choice for various applications where the aesthetic appeal of wood is desired, while benefiting from the durability, affordability, and ease of maintenance that Synchronous offers. Be it furniture, cabinetry, or other interior design elements, Synchronous seamlessly provides a convincing wood-like appearance.

ACCESS FLOORING

Glamiva also produces HPL for access flooring in 0.9mm thickness and dimension of 610 x 610mm, meeting grade AC5 or AC6 standards. Access floor is also called raised flooring. A raised floor is an elevated flooring above the original floor which creates a hidden void between the two floors that is used for the passage of mechanical or electrical services. This type of floor is a modular system where panels can be easily uncovered/covered for organisational and technical changes, without skilled manpower or specialised equipment.

SHINY+

The SHINY+ series encompasses laminates characterised by a resilient high-gloss surface that demonstrates exceptional resistance to micro-scratches and abrasions, thereby preventing mar and scuff marks. Mar resistance denotes the surface's ability to endure permanent deformation and micro-scratches resulting from dynamic mechanical forces. The unparalleled combination of a highly reflective surface and exceptional resistance resistance, ensures easy-to-maintain handling of the laminates.

SLIPLESS

The anti-skid texture on the surface is dense and neatly arranged. This texture will not be damaged by heavy object squeezing or scratching by sharp object. Glamiva offers a 10 year service life guarantee of the HPL sheet. This is a very durable product having very high wear resistant >2500 cycles

CORESHADES

CoreShades Laminates present a unique amalgamation of premium decorative laminates and consistent solid colours. Our laminates bring vibrancy and durability to your surfaces, with a wide range of colours and patterns that resist fading and dulling, ensuring your tabletops and countertops remain a stunning focal point in your space for years to come. The sophistication of this design embodies a pinnacle in the realm of laminates.

SPECIALITY PRODUCT

LABSHIELD

Experience the exceptional properties of Lab Shield, a meticulously engineered laminate treated with Electron Beam curing technology to offer unmatched resilience against harsh chemicals such as acids, alkalis, and reagents. Its remarkable chemical resistance ensures longevity, rendering it suitable for deployment in disposable areas within laboratory settings. With its superb quality and visual appeal, Lab Shield affords the flexibility to adorn spaces with unfettered creativity.

AF+

Anti-fingerprint Laminate represents a harmonious blend of aesthetics and functionality. Its exceptional fingerprint resistance, soft finish, anti-bacterial properties, and innovative technology render it an exemplary choice for individuals seeking both elegance and practicality in their decor surfaces. Applicable in both residential and commercial contexts, these surfaces are engineered to make a lasting impression while upholding the integrity of the space's design.

METADecor

For an ultra-modern touch, these metallic foil laminates are renowned for their lustre and radiance. Meta Decor Laminates are made in the same fashion as standard HPLs. They are hassle-free and dust-repellent solutions.

TABLEAU

Welcome to the realm of TableAu, where the ordinary transforms into the extraordinary. We invite you to explore a world of effortlessly elegant and ready to install worktops that redefine the art of interior design. Meticulously crafted these worktops embody the perfect fusion of form and function. TableAu is not just furniture; it's an embodiment of innovation, style, and functionality.

DIGILAM

Glamiva DigiLam offers the opportunity to preserve cherished memories or enhance any wall with a preferred laminate. This versatile solution allows for the personalization of surfaces with the option of extending designs across various surfaces or specific areas. DigiLam presents a wide array of colours, unique designs, textures, and patterns, infusing a personalised touch into your decors. Embrace the creative freedom and customization with Glamiva DigiLam.

WRITEMATE

WRITEMATE'S MARKER BOARD offers a superior solution for schools and offices, providing smooth, clean wipe surfaces that erases marker marks without leaving any residue. Our Magnetic Marker laminate are constructed with decorative papers infused with melamine resins for easy marker removal and synthetic polymer for enhanced durability. These laminates ensure effortless cleaning of both dry and wet erase marks. WRITEMATE'S GREEN CHALK BOARD is designed for effortless erasure of standard writing chalk. The panels are precision-trimmed and sanded on the back to ensure a secure bond. The result is a premium, eco-friendly chalkboard surface with smooth writing experience, that's perfect for schools, offices, and homes.

ESD
(ELECTROSTATIC DISSIPATIVE)

Glamiva's Electro-Static-Dissipative Laminates are designed to effectively dissipate charges and repel dust particles. The top layer of these laminates showcases superior static charge dissipative properties. Including a special conductive layer, these laminates ensures the secure discharge of static charges when appropriately grounded. This feature serves to minimise damage to sensitive internal circuits and has the potential to contribute around 30% increase in the productivity of electrical devices.

ABIOTIC

Abiotic laminates have been designed to enhance surface performance with exceptional hygiene standards. Through the incorporation of specialized additives, these laminates effectively inhibit the growth and proliferation of bacteria by 99.99% within a 24-hour time frame. Additionally, these surfaces demonstrate uniformity and non-porous qualities, thereby showcasing outstanding performance and hygiene.

FIRE RETARDANT

Classification as per EN13501-1 a European standard that classifies the fire performance of construction product and building elements. We can assess how material reacts to fire, including their ignitability, flame spread and heat release. Glamiva FR-grade products meet Class B-s1,d0 (Class B for fire resistance, S1 for low smoke level, d0 for flame droplets) & ASTM – E 84 –Glamiva FR grade product meets class 1/A.

CERTIFICATIONS

ABIOTIC

Safe and Healthy Living alongside GLAMIVA Products this revolutionary development retards the growth of common bacteria, making Glamiva products ideal for laboratories, kindergartens, offices, and domestic environments.

GREENGUARD GOLD

This certification ensures that GLAMIVA products meet stricter criteria, making them suitable for schools, daycares, and healthcare facilities, where children spend significant periods.

FSC®

GLAMIVA's products are available as FSC® certified, ensuring that we are promoting responsible forestry. We are working for a sustainable and greener future environment. The FSC® certification is a benchmark for a traceable, responsible supply chain and Glamiva is complying with all the requirements. All products manufactured by the company are available as FSC® certified products (certificate code- SCS-COC-010114) on request.

SEFA

GLAMIVA's products are available as FSC® certified, ensuring that we are promoting responsible forestry. We are working for a sustainable and greener future environment. The FSC® certification is a benchmark for a traceable, responsible supply chain and Glamiva is complying with all the requirements. All products manufactured by the company are available as FSC® certified products (certificate code- SCS-COC-010114) on request.

EN 438-2

GLAMIVA products are tested under BS EN 438-2 to ensure dimensional stability and performance standards for resistance to boiling water, moisture, impact, scratches, and stains.

EN 1186 & EN 13130

GLAMIVA's HPL & Compact are tested and certified as per EN 1186 & EN 13130. Suitable for direct and indirect food contact as per EU regulations.
