THE DESIGNER SECRET

1MM PREMIUM LAMINATE
ONE

Glamiva Laminates is a globally trusted brand in interior and surface solutions, known for combining international manufacturing standards with refined design thinking. With exports to over 90 countries and a growing presence across India, Glamiva delivers high performance surfaces that balance durability, aesthetics, and functionality for modern lifestyles.

Built on quality, innovation, dependable service, and long term value, the brand continues to create versatile solutions backed by strong partnerships and responsible practices. Corporate language still insists on sounding like a boardroom meditation session, but this trims the fat nicely.

From Iconic
landmarks to
everyday spaces,
Trusted Worldwide

Export across **90+** countries

*Global recognition
through excellence*

With a presence in 90+ countries, our laminates reflect a strong global footprint and commitment to world-class quality. Backed by advanced manufacturing, stringent quality control, and reliable supply capabilities, we consistently meet the expectations of diverse regions, ensuring every shipment delivers precision, durability, and refined finish.

With a deep understanding of global standards and market needs, we have built enduring partnerships based on trust, transparency, and performance. Our focus on timely delivery, batch consistency, and adaptable solutions positions us as a dependable and preferred surface partner across international markets.

The Secret of Spaces

Home

For the home, surfaces that bring warmth, style, and dependable durability daily.

Office

For the office, surfaces that inspire productivity with refined aesthetics and lasting performance.

Showrooms

For the showroom, surfaces that elevate presentation with striking appeal and resilient performance.

Interior

For interiors, designs that shape spaces with character and long lasting quality.

Shops

For shops, designs that attract attention and deliver dependable performance.

Furniture

For furniture, finishes crafted for beauty, durability, and daily use.

The Secret **USP**

The Secret USP lies in a thoughtful balance of design and performance. A wide range of colors, expressive stone textures, warm wood grains, and clean solid tones give designers creative freedom across diverse applications.

Built to handle demanding environments, these surfaces offer strong resistance to wear, moisture, and daily impact. Crafted for long lasting performance, Glamiva Majestic maintains its finish and character even in the toughest conditions.

GLAMIVA®
— LAMINATES —

The **secret's** out.
Great design starts here.

1MM PREMIUM LAMINATE
ONE

BOOK
PASTING AREA

PASTING AREA

Shhh...Strictly for
the visionaries.

The Surface Holds ***the Secret***

The surface holds the secret long before the space finds its voice. It is the first decision that shapes how light moves, how textures breathe, and how a room begins to feel before it is ever furnished. Quiet, intentional and powerful in its restraint.

For architects and interior designers, surfaces are not backgrounds.

They are foundations. They absorb daily use, shifting light, and changing moods while maintaining their integrity and intent. When chosen right, they allow every other element to perform with confidence.

Glamiva Majestic brings this balance to life. Crafted to deliver visual calm, structural confidence and lasting performance, each surface becomes the silent force behind refined spaces. The secret lives in its strength apart from look.

1MM PREMIUM LAMINATE

LAMINATES

HIGH PRESSURE LAMINATE

Experience the perfect harmony of design and durability with GLAMIVA Laminates, crafted to meet the highest standards of quality and style. These laminates bring your vision to life, offering innovative designs and superior performance for all your interior needs. With an array of colours, patterns, and textures, GLAMIVA provides the versatility to create stunning and personalized spaces. Impregnated with decorative and kraft papers, GLAMIVA Laminates upgrade your interior with a seamless blend of aesthetics and practicality.

LAMIFLEX

"Lamiflex" represents a specially formulated grade of laminate possessing the well-established attributes of standard-grade high-pressure laminates. This variant is uniquely capable of being shaped into uncomplicated cylindrical concave or convex curves. The resulting curved surfaces, devoid of discernible seams, often present a more aesthetically pleasing appearance compared to sharp edges found on both internal and external angles. Additionally, these curved surfaces eliminate joints that tend to accumulate dirt and water.

COMPACTS

COMPACT

Glamiva Compacts are the ultimate choice for surfaces that demand both style and substance. Our compact laminates are crafted by combining decorative paper (melamine resins) and Kraft paper (reinforced with layers of phenolic), which are then fused together using thermosetting resins at a high temperature of 150°C. This rigorous process ensures a durable and versatile product, perfect for high-performance applications. Ideal for retail shops, airports, shopping malls, offices and buildings, healthcare facilities.

CUBICO

Glamiva Cubico stands as a leading supplier of advanced washroom and locker solutions, featuring high-performance laminates acknowledged for their durability and adherence to fire safety standards. Our comprehensive product range caters to diverse sectors, including corporate, healthcare, education, and government, enriching facilities with High Pressure Laminates (HPLs) and cubicles that blend aesthetic appeal with water/fire resistance and anti-bacterial properties.

CLADDICE

The use of exterior grade laminate emphasises the balance of durability and aesthetics. Glamiva has excelled in this area, solidifying its position as a key player in the laminates industry. Given the dynamic climate and diverse weather conditions, the need for enduring solutions against external elements is paramount. As a solution Glamiva Claddice introduces wall claddings engineered to withstand extreme climatic conditions. These claddings not only safeguard exteriors but also deliver exceptional visual appeal.

SPECIALITY PRODUCT

10 NEWTON

This is Glamiva's Premium Product with a Unique Surface Texture that has a bold appearance giving a U-m-p-h feeling!! A great Product for all table & kitchen tops. Extremely durable. Use it for Interior and Exterior Furniture and for all demanding environments.

ACCESS FLOORING

Glamiva also produces HPL for access flooring in 0.9mm thickness and dimension of 610 x 610mm, meeting grade AC5 or AC6 standards. Access floor is also called raised flooring. A raised floor is an elevated flooring above the original floor which creates a hidden void between the two floors that is used for the passage of mechanical or electrical services. This type of floor is a modular system where panels can be easily uncovered/covered for organisational and technical changes, without skilled manpower or specialised equipment.

SLIPLESS

The anti-skid texture on the surface is dense and neatly arranged. This texture will not be damaged by heavy object squeezing or scratching by sharp object. Glamiva offers a 10 year service life guarantee of the HPL sheet. This is a very durable product having very high wear resistant >2500 cycles

SYNCHRONOUS

Synchronous is an exceptional material meticulously crafted to replicate the appearance and texture of wood veneer with unparalleled realism. Its finely synchronized texture renders it virtually indistinguishable from genuine wood surfaces. The design and pattern of Synchronous closely resembles the natural grain and feel of wood, offering a tactile experience that is highly desirable. This makes it an excellent choice for various applications where the aesthetic appeal of wood is desired, while benefiting from the durability, affordability, and ease of maintenance that Synchronous offers. Be it furniture, cabinetry, or other interior design elements, Synchronous seamlessly provides a convincing wood-like appearance.

SHINY+

The SHINY+ series encompasses laminates characterised by a resilient high-gloss surface that demonstrates exceptional resistance to micro-scratches and abrasions, thereby preventing mar and scuff marks. Mar resistance denotes the surface's ability to endure permanent deformation and micro-scratches resulting from dynamic mechanical forces. The unparalleled combination of a highly reflective surface and exceptional resistance resistance, ensures easy-to-maintain handling of the laminates.

CORESHADES

CoreShades Laminates present a unique amalgamation of premium decorative laminates and consistent solid colours. Our laminates bring vibrancy and durability to your surfaces, with a wide range of colours and patterns that resist fading and dulling, ensuring your tabletops and countertops remain a stunning focal point in your space for years to come. The sophistication of this design embodies a pinnacle in the realm of laminates.

SPECIALITY PRODUCT

LABSHIELD

Experience the exceptional properties of Lab Shield, a meticulously engineered laminate treated with Electron Beam curing technology to offer unmatched resilience against harsh chemicals such as acids, alkalis, and reagents. Its remarkable chemical resistance ensures longevity, rendering it suitable for deployment in disposable areas within laboratory settings. With its superb quality and visual appeal, Lab Shield affords the flexibility to adorn spaces with unfettered creativity.

AF+

Anti-fingerprint Laminate represents a harmonious blend of aesthetics and functionality. Its exceptional fingerprint resistance, soft finish, anti-bacterial properties, and innovative technology render it an exemplary choice for individuals seeking both elegance and practicality in their decor surfaces. Applicable in both residential and commercial contexts, these surfaces are engineered to make a lasting impression while upholding the integrity of the space's design.

METADECOR

For an ultra-modern touch, these metallic foil laminates are renowned for their lustre and radiance. Meta Decor Laminates are made in the same fashion as standard HPLs. They are hassle-free and dust-repellent solutions.

TABLEAU

Welcome to the realm of TableAu, where the ordinary transforms into the extraordinary. We invite you to explore a world of effortlessly elegant and ready to install worktops that redefine the art of interior design. Meticulously crafted these worktops embody the perfect fusion of form and function. TableAu is not just furniture; it's an embodiment of innovation, style, and functionality.

DIGILAM

Glamiva DigiLam offers the opportunity to preserve cherished memories or enhance any wall with a preferred laminate. This versatile solution allows for the personalization of surfaces with the option of extending designs across various surfaces or specific areas. DigiLam presents a wide array of colours, unique designs, textures, and patterns, infusing a personalised touch into your decors. Embrace the creative freedom and customization with Glamiva DigiLam.

WRITEMATE

WRITEMATE'S MARKER BOARD offers a superior solution for schools and offices, providing smooth, clean wipe surfaces that erases marker marks without leaving any residue. Our Magnetic Marker laminate are constructed with decorative papers infused with melamine resins for easy marker removal and synthetic polymer for enhanced durability. These laminates ensure effortless cleaning of both dry and wet erase marks. WRITEMATE'S GREEN CHALK BOARD is designed for effortless erasure of standard writing chalk. The panels are precision-trimmed and sanded on the back to ensure a secure bond. The result is a premium, eco-friendly chalkboard surface with smooth writing experience, that's perfect for schools, offices, and homes.

ESD
(ELECTROSTATIC DISSIPATIVE)

Glamiva's Electro-Static-Dissipative Laminates are designed to effectively dissipate charges and repel dust particles. The top layer of these laminates showcases superior static charge dissipative properties. Including a special conductive layer, these laminates ensures the secure discharge of static charges when appropriately grounded. This feature serves to minimise damage to sensitive internal circuits and has the potential to contribute around 30% increase in the productivity of electrical devices.

ABIOTIC

Abiotic laminates have been designed to enhance surface performance with exceptional hygiene standards. Through the incorporation of specialized additives, these laminates effectively inhibit the growth and proliferation of bacteria by 99.99% within a 24-hour time frame. Additionally, these surfaces demonstrate uniformity and non-porous qualities, thereby showcasing outstanding performance and hygiene.

FIRE RETARDANT

Classification as per EN13501-1 a European standard that classifies the fire performance of construction product and building elements. We can assess how material reacts to fire, including their ignitability, flame spread and heat release. Glamiva FR-grade products meet Class B-s1,d0 (Class B for fire resistance, S1 for low smoke level, d0 for flame droplets) & ASTM – E 84 –Glamiva FR grade product meets class 1/A.

TECHNICAL SPECIFICATION

S.No	PROPERTIES	TEST STANDARD	UNIT	SPECIFIED VALUES	GLAMIVA LAMINATES VALUES
1	Classification & Test Protocol	IS 2046 : 1995		HGS / VGS Thickness 1.0 mm	
SURFACE QUALITY					
2	Surface Quality				
	Spots, dirt and similar surface defects	Clause - 5.4.1.1	mm ² /m ²	≤ 1	Conforms
	Fibres, hairs and scratches	Clause - 5.4.1.2	mm/m ²	≤ 10	Conforms
PHYSICAL & DIMENSIONAL PROPERTIES					
3	Nominal Thickness		mm	1.0	
4	Thickness variation	Clause - 5.3	mm	1.0 ± 0.10	Conforms
5	Tolerance on Length	Clause - 5.4.6	mm	+10, -Nil	Conforms
6	Tolerance on Width	Clause - 5.4.6	mm	+10, -Nil	Conforms
7	Straightness of edges	Clause - 5.4.7	mm/m	1.5 (max.)	Conforms
8	Squareness	Clause - 5.4.8	mm/m	1.5 (max.)	Conforms
9	Density	EN ISO1183 -1:2004	gm/cm ³	1.35 - 1.40	Conforms
10	Dimensional Stability at Elevated				
	Longitudinal Direction	Annex - F	%	0.55 (max.)	Conforms
	Transverse Direction	Annex - F	%	1.05 (max)	Conforms
11	Dimensional Stability at 20°C				
	Longitudinal Direction	Annex - G	%	0.38 (max.)	Conforms
	Transverse Direction	Annex - G	%	0.60 (max.)	Conforms
MECHANICAL PROPERTIES					
12	Resistance Ia Immersion in Boiling Water				
	Mass Increase	Annex - D	%	10.0 (max.)	Conforms
	Thickness Increase	Annex - D	%	11.8 (max.)	Conforms
	Appearance	Annex - D	Grade	Not worse than 4	Conforms
13	Resistance Ia Impact by Small Diameler Ball				
	Spring Force	Annex - H		20	Conforms
14	Resistance to Cracking	Annex - K	Grade	Not worse than 4	Conforms
SURFACE PROPERTIES					
15	Resistance to Scratching	Annex - L	N	2.0(min.)	Conforms
16	Resistant to Steam	Annex - T	Grade	Not worse than 4	Conforms
17	Resistance Ia Dry Heat at 180° C				
	Gloss Finish	Annex - E	Grade	Not worse than 3	Conforms
	Other Finish	Annex - E	Grade	Not worse than 4	Conforms
18	Resistance to Surface Wear	Annex - C	Rev.	350 (min.)	Conforms
19	Resistance to Cigarette Burns	Annex - P	Grade	Not worse than 3	Conforms
20	Resistance Ia staining				
	Group 1 & 2	Annex - M	Grade	Not worse than 5	Conforms
	Group 3 & 4	Annex - M	Grade	Not worse than 4	Conforms
21	Resistance to Colour change (Wool Standards)				
	-In Xenon arc light	Annex - N	Grade	Not worse than 6	Conforms
	-In Eclosed Carbon arc light	Annex - N	Grade	Not worse than 5	Conforms
HEALTH & ENVIRONMENTAL CHARACTERISTICS					
22	Formaldehyde emission (release)	ISO 12460-3 (EN 717- 2:2006	Clas	E1	Conforms

Note: Whereas Glamiva products are manufactured to thorough standards, the nature of the application procedure is beyond our control. The values given above are to the best of knowledge but without liability/warranty, expressed or implied.
